Ms. Catherine A. McCord
Remedial Project Director
U. S. Environmental Protection Agency
Region V - 5HR-12
230 South Dearborn Street
Chicago, IL 60604

Dear Ms. McCord:

ADDENDUM TO REMEDIAL INVESTIGATION WORK PLAN - QUALITY ASSURANCE PROJECT PLAN (QAPP)

This letter transmits the enclosed addendum to the QAPP portion of the RI Work Plan.

This addendum constitutes the data validation plan, which provides the necessary direction for performing data validation on the Remedial Investigation/Feasibility Study (RI/FS) sampling data.

DOE is continuing to evaluate all data being collected by the FMPC and its use with special emphasis on its support to the RI/FS. The objective of this evaluation is to prepare a revision to the QAPP that will define data quality levels and collection requirements for all data used to support the RI/FS, Removal Actions, Remedial Design, and Remedial Actions. We anticipate this activity taking several months to complete and are targeting September, 1991 for submission of the first phase of this effort for your approval.

If you have any questions, please contact Andy Avel at FTS 774-6161.

Sincerely,

Jack R. Craig
FMPC Remedial Action
Project Manager
